Mr Jasmin BELLANCE

jasminbellance.fr

Senior Drupal developer & technical SEO consultant · Drupal 8 to 11 · PHP 8 / Symfony · 12 years of experience

Based in Île-de-France
jasmin.bellance@gmail.com · +33 6 99 28 38 76 · LinkedIn: Jasmin Bellance

PROFILE

Drupal and Symfony developer for 12 years and technical SEO consultant. I build, migrate and maintain Drupal platforms: custom modules, custom entities and fields, Twig themes, version upgrades, Jenkins CI/CD, always with SEO performance in mind. Experience in IT services (CGI, lead on the Drupal 9 → 10 upgrade), in an agency (ALL4WEB, 4 years) and at a major media group (Prisma Media). AI-assisted development every day (Claude, Codex).

KEY SKILLS

DevOps & data	BigQuery, Docker, Docker Compose, Elasticsearch, Git, GitHub, Jenkins, MySQL, Oracle, PostgreSQL
Languages	French (native), professional English (documentation, technical meetings)

EXPERIENCE

Lead PHP Drupal Developer

Jan 2019 – Feb 2023

ALL4WEB, Boulogne-Billancourt · web agency

- Design and development of Drupal websites, with ongoing feature work and maintenance over 4 years
- Worked with SEO consultants and designers to turn client needs into specifications
- Set up Google Tag Manager tracking and the dataLayer
- Mentored 2 junior developers, ran code reviews and wrote functional specifications

Stack: Drupal, PHP, Git, GitHub, Docker Compose, Google Tag Manager

EDUCATION

- **Information systems engineer**, EPSI Montpellier (2013-2015)
- Bachelor's degree in computer systems and software, Université des Antilles et de la Guyane (2012)
- BTS (two-year degree) in business computing (2011)

References: Technical directors at CGI and Prisma Media, associate director at ALL4WEB. Contact details on request.
